Now login to your Tejari account. Go to My Account > Get Tejari Status Badge.

Choose your badge style

Your premium membership on Tejari can help you market your brand better. To help you do this, we have now introduced Premium Membership Badges.

This badge can be embedded in your email signature, blog or website. When someone clicks on your badge, it will lead them to your very own online showroom.

Badges come in the following options:

Just click on the badge you want, and copy the following code into your email, blog or website.

Now copy the code from "Clickable Badge" Box. This code needs to be pasted in your Hotmail Signature settings. Follow the steps below to do so.

- After you log in to Hotmail, go to Options in the upper right-hand corner of the screen and click on more options
- Go to the writing e-mail and select message font and signature
- Under "Personal Signature" > You will see a text field with the words "If you'd like to have a signature added to the bottom of each message you send, enter it below." above it. To the right of this is a drop down menu marked "Show the rich-text toolbar" as default. Please select "Edit in HTML".
- Paste the HTML code you copied into the window.
- Click on Save.

You are now ready to send e-mail messages with the Tejari Badge as your signature.

1. To remove the Tejari Badge from your e-mail signature:
 - Select Options from the navigation bar in Hotmail.
 - Go to the Mail category and follow the Personal Signature link.
 - Select the Tejari Badge code, and press your Delete button. Click OK.
